**Stations WKJG, WMEE, WOWO, WFWI, WQHK, WBYR are Equal Opportunity Employers.**

**(c) Initiative:** Internship Program

The Employment Unit's internship program is a paid opportunity for students who are interested in a broadcast career. The station's program is coordinated by our Promotions Director. Information about our internship program is distributed at job fairs. Interested students submit their resume. The students are then invited for interviews. The radio station looks for students willing to work in all areas of the company, while the student considers the station information to determine if the relationship would be beneficial to them. Typically, the students receive credit for the internships, and are required to work at the station a minimum number of hours. The Promotion Director organizes the student's schedules. The students will spend time in promotions, programming, sales, and administration. The schedule includes: Promotions, with experience in proposals, remotes, events, calendars and prizes; Programming, with experience in observing the studio during a live show and assisting with show preparations; News Dept, with experience in monitoring news websites, reading script, and writing their own stories from press releases; Sales, with experience in client visits and brain storming meetings; Administration, with experience in answering phones, greeting guests, and handing out prizes. Most area college internship programs include a mid-semester and end-of-semester evaluation. The Employment Unit had 10 interns within this period, totaling 1,481 hours of training. These students were from the following institutions: 3 from Huntington University, 3 from Purdue Fort Wayne, 2 from Ball State University, 1 from Ivy Tech and 1 from the University of Michigan. Four were hired as part time Remote Technicians and one was hired as a part time Account Manager which will become full time upon graduation.

**(d) Initiative:** Internet Program

The Station Employment Unit (SEU) participates in an internet program designed to promote outreach generally. The SEU is a partner in a regional job web site, [fortwaynehelpwanted.com](http://fortwaynehelpwanted.com). The SEU uses commercial inventory to drive job seekers to the web site. Job Seekers may utilize the General Career Advice, Online Resume Builder, and Career Test to help determine careers that best suit them. Job seekers may also search the site for job opportunities posted by area businesses. This program was started in May 2003 and is still active.
